

STUDENT VOLUNTEERS

If you want to volunteer with the Florida Academy of Performing Arts please fill out the Volunteer Application and take the attached letter to your Guidance Counselor so that all volunteer hours will be approved and allowable for Bright Futures volunteer requirements. The Florida Academy of Performing Arts is an approved agency with the SDHC Parent/Family and Community Involvement department, which is required for the approval process. If you simply want to volunteer your time and not have the hours apply to Bright Futures, you are still welcome to join us! We are always in need of student volunteers during our summer camps, assisting with show/showcase audiences and any special volunteer opportunity we create for individual academy program purposes.

Please fill out the attached volunteer application and return it to the school desk. If you have any questions about volunteering please feel free to contact me... we have opportunities available NOW!

Thanks,

Tina Pietrzyk
Assistant Academy Director

Attention: Guidance Counselors

Subject: Student Volunteers/Bright Futures

The Florida Academy of Performing Arts is a 501 (c)(3) non-profit organization that was established to support the performing arts through programs at the academy and in the community. With the approval of our non-profit status we determined it was equally important to provide volunteer opportunities for students that wish to give back to their community through volunteering. We also want to assist them in fulfilling their Bright Futures volunteer requirements. The Florida Academy of Performing Arts is an approved agency with the Hillsborough County School District Parent/Family and Community Involvement department and we invite you to take the time to familiarize yourself with our organization.

Thank you, in advance, for taking the time to consider our academy as a volunteer opportunity for students. The focus of the academy is our students, if you have any questions regarding the academy or our volunteer opportunities, please give me a call.

Sincerely,

Tina Pietrzyk
Assistant Academy Director
